Mitra

/ outdoor shading

Maximum size (mm)

6,000(W) x 3,000(P)
x 3,000(H) unlimited sizes
(using additional units)

The Mitra is a modern, free-standing shade structure, constructed of strong aluminium extrusions and castings.

Its standard footprint is 6m x 3m, and it can be coupled together to provide a large shade structure or it can create ideal shading for car park applications.

The Mitra can be either secured down or bolted to optional concrete feet making it perfect for shading in outdoor events or where a permanent solution is not possible.

Standard colour is silver aluminium.

Basic structure options

Modular system
(ideal for car park installations)

Concrete foot for
temporary installations
